Eric thanked the Darks and Dons for laying out at Hook Woods. The general opinion was that it was a bit hard with the exception of the whites which were spot on. Agreed that the land on the left hand side would be better for club trials but it is unlikely that this would be available.

The South Coast Trial is on 8 August and Eric suggested a notice go out for help. Next evening trial is 7<sup>th</sup> July. Malcolm, Stuart, Dave and Colin will go down Tuesday to clear then on Wednesday Dave will lay out reds and yellows, Malcolm blues and Stuart whites. Danny will bring Pete's van with barbeques etc and Carol and Debbie will do the cooking. Richard mentioned the possibility of paying a retainer to the landowner for the use of Sparticles Wood next year.

### **Social Secretary**

Nothing to report.

### **Training Trials**

Continuing well. Cover for August may be needed.

### **Camping Weekends**

July – Pete has arranged Sam Connor for the training, he charges £50 per head and must have at least six for the £300 minimum he requires for the day. Eric will draft a notice about this telling members to register their names with Debbie. The club will subsidise the cost by around 50%. It is intended that juniors will train in the morning and adults in the afternoon. Eric will also contact Gervase re the field and crop situation.

August – The frog racing, karaoke and fun section will go ahead.
