Editors Report

Colin passed on Debbie's thanks to those who have supplied reports. Much easier when they do not have to be asked for and also assists with punctuality of newsletter. All reports, even a few brief lines, very welcome and well-received by members. Debbie was looking at links to associated websites via the newsletter and the club website. One omission seemed to be the Quarry (Betchworth) which would be investigated,

Membership Secretary's Report.

No new members. Website has been amended to reflect flexible approach to subscription as year progresses.

Competition Secretary's Report

The first two events for 2011 are planned/booked but no-one has yet come forward to offer their services as Comp sec and this needs to be resolved so that 2011 fixtures can be progressed (RC believe that Eric has a provisional schedule?)

Star Group- Eric not attending as clashes with South Coast. Peter to cont as Clerk of Course and Richard will organise observers. Offers too observe on the day already received from Steve Mimms, Julie Thompson, Mike Hammond , Brian Edwards, Steve and Ffion John, Mark Stubberfield. Also available Colin Don, Rob Edwards and boys, Dave Charman.

Laying out/results to be arranged next meeting.

Social Secretary

Jo will make provisional enqs re a committee dinner- possibly William IV, Bletchingley?

Training Trials

Because of on-going commitments in respect of the enduro series Richard and Malcolm will not be able to continue the training trials at the current level of commitment. The next is not due until end of Jan (reverting to the last Sunday) but a schedule will be put on the website shortly. Rob Edwards volunteered to assist with the running of the training trials on a regular basis. Beginners may be encouraged to attend the evening trials and on those months the training trial may not be held.
